

Showerguard Homeowner Cleaning Instructions

General Cleaning

A soft cloth, wet sponge, and approved commercial household cleaners can be used for general periodic cleaning.

Precautions:

- Avoid abrasive cleaners (such as Ajax, Comet, rouge, cerium oxide) or other non-detergent cleaners (e.g., vinegar, citric acid).
- Hydrofluoric and phosphoric acid are corrosive to the coating and glass surfaces and should not be used.
- Do not use abrasive brushes, razor blades, or other sharp objects which may scratch the coating or glass.

Approved Chemical Cleaners

The following products are approved for use to clean the ShowerGuard surface:

- Clean Shower • Scrubbing Bubbles Fresh Clean
- Clorox Bathroom Cleaner with Teflon • Scrubbing Bubbles Orange Action
- Comet Soap Scum and Hard Water Cleaner • Seventh Generation
- Fantastik Heavy Duty Antibacterial • Soft Scrub with Bleach
- Kaboom Shower, Tub & Tile • Soft Scrub Lemon
- Lime-A-Way • Tilex Fresh Shower
- Lysol Basin Tub & Tile • Tilex Soap and Scum Remover
- Pine Sol

A clean water rinse should follow the use of any of these products. Please follow the manufacturer's printed instructions for the products listed above.
